

Guidance for song choice at sessions

1. Need to be two halves of 8 songs per half
2. First song of each half to be a song all can play (easy?)
3. There to be a balance of easy, medium and hard songs per half
4. No more than 2 hard songs per half
5. No more than 1 new song per half

NB if you send a full programme it could be split into two half programmes and combined with another half programme, so make each half stand alone as balanced.
